**BIGFOOT ADVENTURES LIMITED**

**MAASAI MARA BUSH SAFARI**

**02NIGHTS/3DAYS**

Masai Mara National Reserve is located in south west Kenya and is a vast scenic expanse of gently rolling African savannah plains measuring 1510 square kilometers in area and bordering the Serengeti National Park in Tanzania to the south. Masai Mara is a unique wildlife conservation haven, famous for its spectacular natural diversity of wildlife and is a premier Kenya Safari location in East Africa, offering visitors numerous reasons to visit this animal paradise. Large numbers of Lions, Cheetah, Elephant, Rhino, African Buffalo, Wildebeest, Giraffe, Zebra and many more animals are found in the park in their natural habitat, unconfined and free to roam the vast wilderness stretching for miles on end.

It is no surprise then that tourists from the world over travel here to experience a Masai Mara Safari tour, more so as the reserve has been voted one of the new Seven Wonders of the World. Regarding the origin of the name, the word 'Masai' comes from the Maasai tribe, nomadic inhabitants of the area and the word 'Mara' is their word for 'spotted', referring to the ubiquitous flat topped acacia trees, shrubs and bushes that dot the landscape across most of the reserve. Please find below the Itinerary for 3days safari in Masai Mara National Reserve.
